Section 4 - School arrangements

The school curriculum

- We teach our pupils/students about health and safety in order to equip them with the skills, knowledge and understanding to enable them to live positive, successful and healthy lives. Class staff take every opportunity to educate children in this regard in the normal school curriculum. For example, through the science curriculum we teach children about hazardous materials, and how to handle equipment safely and the PSHCE curriculum, about drugs.
- We teach our pupils/ students respect for their bodies, and how to look after themselves. We discuss these issues with the children in PSHCE lessons and we reinforce these points as part of our Healthy Schools programme, where children learn about eating and hygiene. We also show them how to move and play safely in PE lessons.

- Health and safety issues also arise when we teach care for the environment and awareness of the dangers of litter. Key Stage 2 children receive sex and drugs education. (See the Drugs Education Policy and RSE Policy)
- Our school promotes the spiritual growth and welfare of the children through the RE curriculum, through special events such as harvest festival, and through the daily act of collective worship.
- Each class has the opportunity to discuss problems or issues of concern with their teacher. Class staff use circle time to help children to discuss and overcome any fears and worries that they may have. Class staff handle these concerns with sensitivity.

School meals

- Our school provides the opportunity for our pupils/students to buy a meal at lunchtimes. If parents are in receipt of income support, they may claim free school meals for their children. We do all we can to ensure that the meals provided have a suitable nutritional value and work with Chartwells to achieve this.
- Care is taken to ensure pupils/students with food allergies are given meals that are safe and of nutritional value.
- If pupils/students choose to bring their own packed lunch, we provide them a suitable place to eat their lunch, and we supervise them during this time.
- Our school promotes a healthy lifestyle and achieves the Healthy School Standard.
- Pupils / students with dysphasia have a Feeding plan provided by a Speech and Language Therapist and these are followed by kitchen staff and class staff.

Safeguarding

- There is a named person responsible for Safeguarding in the school. This is the Headteacher, but this may be delegated in some circumstances. We also have five deputy safeguarding leads. (DSL's). See Safeguarding Policy.
- We require all adults employed or having contact with pupils/students in school (e.g., staff, volunteers, contractors etc.) to have been DBS Enhanced checked before being allowed access to pupils/students. This includes adults accompanying Educational Visits.

Visitors in school

- The entrance to the school is kept locked to prevent unauthorised access.
- All visitors will sign in on the Inentry system on entering the school and wear a visitors' badge at all times.
- Staff should report any potentially unauthorised visitors to the Headteacher as soon as possible. Staff should not put themselves

at risk challenging intruders, but should ensure pupils/students are moved to a place of safety.

Seat belts

Our school only uses coaches and mini-buses that have seat belts provided. We instruct pupils/students to wear seat belts at all times when the vehicle is moving.

When staff cars are used to transport pupils/students the law regarding child restraints is always followed without exception.

Educational visits and Off-Site Activities

Our school recognises the educational benefit of educational visits and off-site activities and the valuable contribution such activities can play in supporting the curriculum.

The school will follow the Local Authority guidance on Educational Visits and seek Local Authority approval for all visits where LA approval is required.

The Health and Safety Governor, will delegate the Headteacher authority to approve all visits on behalf of the school with the exception of overseas visits and those involving adventurous activities. Approval for such visits will be made by the Local Authority EVOLVE team.
