

## From the Online Safety Team: Online Safety at Villa Real School

February Half Term Edition

### [Swiggle.org.uk](https://www.swiggle.org.uk) –

#### Child friendly Internet Search

Swiggle is a child friendly search engine designed to help young people with their first steps on the internet.

- Ad free
- Designed specifically for children
- Powered by Google
- Filtered using Google SafeSearch
- Browse the internet safely
- Education focussed results
- Screen cover widget
- Works on tablets and mobiles

### Social Media Checklists

Access downloadable booklets to guide you through your profile settings using the following links:

## Password Management and Security

### Password security checklist

#### Creating Passwords

- Create easy to remember passwords that are hard to guess/crack
- Use passwords that have no association with you
- Use long passwords (14 characters+)
- Use different passwords for each account

#### Protecting Passwords

- Remember secure passwords, don't write them down
- Never tell anyone your password or give access to your account
- Keep software up to date
- Beware of shoulder surfers

#### Managing Passwords

- Use a password manager
- Reset passwords with a long random string when your password manager is not to hand

#### How secure is my Password?

- <https://www.security.org/how-secure-is-my-password/>
- Use this website to check how secure your password is.

## Press Start for Playstation Safety – interactive resource

The Press Start for PlayStation Safety interactive quiz is designed for parents and guardians to complete with their children to learn how to make the most of PlayStation safety settings for safer gaming.

Encourage healthy competition to see who will come out on top as Online Safety Champion!
